Tipo di lavoratore

Dimensione aziendale per classe di numerosità di addetti-anno

N.B. Il totale dei valori percentuali calcolati può risultare non uguale a 100 a causa degli arrotondamenti. Le percentuali sono arrotondate alla prima cifra decimale; per i valori interi non è riportato alcun decimale. Per ogni ulteriore specifica su asterischi e approfondimenti si rimanda alla pagina del Glossario.
